OUTLINES.

Ex-Governor T. J. Jarvis, of Greenville, N. C., will appear for the government in the peonage cases on trial before Judge Purnell at Beaufort——Statements made yesterday by Governor Comer, of Alabama, indicate a conflict with the State laws; the courts are instructed to indict all violations of the law——George Wallace Delemater, who was once the Republican candidate for Governor of Pennsylvania, and who was defeated by Robert E. Pattison, Democrat, committed suicide by shooting himself yesterday in Pittsburg——About $750,000 damage by fire was wrought yesterday at the million-dollar gold mine plant of the Golden Cycle Company at Colorado City, Cal., 37 freight cars were destroyed——Near Kenly, N. C., yesterday Ransom Godwin, 73 years of age, shot his wife dead and hid himself in a swamp——In a report to the Department of Commerce and Labor by William Whittam, Jr., special agent, he says the competition between railroads, is resulting in rapid transit for Southern cotton goods shipped across the continent for Oriental points——In a case involving strawberry shipments in refrigerator cars, the Interstate Commerce Commission holds that the higher rate for such service cannot be charged unless the service is actually rendered. ——Senator Beveridge, of Indiania, and Miss Katherine Eddy, of Chicago, were married in Berlin, Germany, yesterday——Vice President Archbold, of the Standard Oil Company, flatly denies the charge of a government official that the officers of the company met the Government with deception and deceptive methods——New York markets: Money on call, steady, 2 to 2 3-4 per cent.; ruling rate 2 3-4, closing bid 2, offered at 2 1-2; spot cotton 5 points lower, closing quiet at 13.20; flour quiet and lower to sell; wheat quiet, No. 2, 93 1-2 elevator; corn, easy, No. 2 61 1-2 elevator; oats firm, mixed 55; turpentine firm 59 to 59 1-2; rosin steady, strained common to good 4.50.

It is now denied that Vice President Fairbanks pulled any girl out of that Western lake. Perhaps Mrs. Fairbanks got to inquiring into the particulars.

Most of the Republican aspirants for the Presidential nomination will regard their booms as boomlets until the logic of events shows whether Secretary Taft's is a boom or a boomerang.

It is said that Mr. John D. Rockefeller "smiled" when told that Judge Landis had fined the Standard Oil Company $29,240,000. Probably he smiled at the expense of the consumers.

A Denver man boasts that in 20 years he has kissed his wife 40,000 times. Perhaps he had to lead that strenuous life to lead that strenuous to try to keep her in a good humor.

Dr. Wiley, the government food expert, declares that "men sleep too much." Evidently Dr. Wiley goes to bed too early to find out how little men generally sleep. He ought to be down town late at night to make observations.

The standpatters are already falling back on Mark Hanna's slogan for 1904—"Let Well Enough Alone." That will hardly do for 1908. You can guess, however, that it comes from the few people who never get enough of a good thing at the expense of the many.

Says the Raleigh Evening Times: "What does President Roosevelt think of that 'undesirable' jury at Boise, Idaho?—Wilmington Star. He's not thinking now. Don't you know he's on a vacation?" Vacation may be only a name for it. He may be busy sorting out more "undesirables" and "fakirs" of various kinds.

Wall Street has held out some time against the idea that prosecutions of corporations and anti-corporation agitation would seriously affect the stock market, but the speculators acknowledge that recent events have caused them to lose their nerve. Yesterday there was a sharp break on the New York Stock Exchange, the Southern group being sufferers.

Commander Peary is at Portland, Me., and is impatient to get news that his ship, the steamer Roosevelt, is ready for another dash for the North Pole. He says of his plans: "Just as soon as the new boilers are installed in the Roosevelt I shall start for New York and then for the North. If I an at all lucky I ought to be in my Wnter quarters by September 5. There will be no change either in my general course or in the size of my party."

Special trip of steamer Wilmington this evening to the pier and return. Boat leaves at 5:15. Fare for round trip, 15 cents.

I. O. O. F. ORPHANS

Annual Outing of Children From Home at Goldsboro Here This Month.

ARRANGEMENTS MADE

Joint Committee at Work, Providing for Their Entertainment—All Day Basket Picnic at Carolina Beach a Feature.

The four enthusiastic lodges of the Independent Order of Odd Fellows in this city are arranging for the annual outing of the children of the I. O. O. F. Orphanage at Goldsboro in this city and at the seaside resorts the week beginning Tuesday, August 20th. This in an event that is always looked forward to with unalloyed pleasure by the Odd Fellows of Wilmington, and the occasion this year will be none the less pleasing to them. The children will arrive here on the morning of Tuesday, August 20th, and will remain until Saturday morning following, the 24th. While here the visitors will be guests in the homes of Wilmington Odd Fellows and plans are being made for giving them a delightful entertainment. On Wednesday they will visit Carolina Beach as the guests of Capt. John W. Harper, on the steamer Wilmington, spending the day at the seashore, enjoying the bathing, boating and other amusements at the resort. The Odd Fellows are arranging to give a big basket picnic on that day at the beach and they hope to have all members of the order in Wilmington with the Daughters of Rebekah with the children at the beach that day.

The names of the children and the homes to which they will be assigned while in Wilmington will be announced by the committee later. The committees from the four lodges in the city are hard at work on the arrangements and will have all these completed by the arrival of their guests. The joint committee is composed as follows:

Cape Fear No. 2.—L. W. Moore, O. A. Durant, D. Wilborn Davis.

Orion No. 67—T. K. Curtis, H. O. Craig, J. M. Batson.

Wilmington No. 139—Jesse Craig, E. Y. Davis and J. L. Middleton.

Hanover No. 145—C. F. Williams, John E. Wood and E. S. Hancock.

The committee held a very enthusiastic meeting Tuesday night, and Mr. H. O. Craig was elected chairman and Mr. John E. Wood, secretary of the joint meeting.

MISS HERGENROTHER DEAD.

Passed Away Yesterday Afternoon at Home in This City—Funeral.

Many friends will regret exceedingly to learn of the death of Miss Katheryn T. Hergenrother, which occurred at 1:40 o'clock yesterday afternoon at the home of her brother, Mr. A. A. Hergenrother, No. 216 South Fifth street, this city, after a long illness, she having been practically an invalid for many years. Her mother preceded her to the grave only a short time ago and the loss of this, her dearest friend and most constant companion, in her affliction, caused her to lose hope and she gradually declined, growing worse day by day, until the Death Angel came with the summons yesterday and she passed away peacefully at the hour named. With all her suffering, she bore it with resignation and Christian fortitude, her character having been a beautiful one. There are left to mourn their loss three brothers, Messrs. Joseph Hergenrother, of Germany; Albert Hergenrother, of Binghampton, N. Y.; Mr. A. A. Hergenrother, of this city, and four sisters, Mrs. H. P. Hoffman, of Baltimore; Mrs. W. B. Schuler and Misses Mary and Lizzie Hergenrother, of this city. The bereaved ones have the tenderest sympathy of all in their deep bereavement.

The funeral will be conducted at 10 o'clock this morning from St. Thomas' Catholic Church, Rev. Father C. Dennen, officiating.

Burglar Entered Residence.

While Dr. and Mrs. A. D. McClure were away from their home on Red Cross street early Tuesday night and the grandmother was upstairs with her little granddaughter, who has been sick so long, a burglar entered the home and was discovered after he had ransacked the lower floor of the residence and gone upstairs. Mrs. Callaway saw the burglar and screamed, at which the intruder beat a hasty retreat. Capt. Robert Green was summoned and made an investigation of the affair, but could find nothing missing, the burglar having evidently been frightened before he could carry anything away.

AUDIT AND FINANCE BOARD

Regular Semi-Monthly Meeting of the Board Tuesday Night—Approved Several Appropriations By Aldermen—As to City Teams.

A number of matters of more or less general interest were taken up and disposed of at the regular semi-monthly meeting of the Board of Audit and Finance Tuesday night. There were present Chairman McQueen and Messrs. Yates and Tiencken. The usual routine work of approving the minutes of the preceding meeting and the approval of the monthly report of the City Clerk and Treasurer was disposed of and the communication from the Board of Aldermen, conveying to the Finance Board notice of action requiring co-ordinate approval was read and taken up seriatim:

An appropriation of $1,000 for purchase of drainage pipe for the Streets and Wharves Department was agreed to.

The amendment of Section 102 of the Tax Ordinance to make same applicable to saw mills operated by any kind of power was concurred in.

Award of contract to City Livery Company, for furnishing harness was concurred in.

Payment of bill for repairs to buggy of Superintendent of Streets amounting to $37 was agreed to, horse and buggy having been used largely by Chairman of Streets and Wharves Committee inspecting streets, and buggy having been broken while so in use.

Recommendation to make pay of Foreman of Street Work $2 per day was not agreed to.

Appropriation of $100 for use of Committee on Water Works, investigating present plant, was concurred in.

Award of contract to R. H. Brady for buildings Engine House on Fourth Street, at bid of $7,500, was agreed to, contractor to give bond in sum of $1,000.

Sale of property on Dock street, to Herbert McClammy, for $4,500, subject to conditions as stated, was concurred in, with proviso that Mr. McClammy make a payment on account of said sale of $100.

Alderman Ellis, of the Sanitary Committee appeared before the Board in regard to hire of teams to Sanitary contractors, while sale was pending desiring to know if expense of boarding teams would be provided for, in case arrangements to hire same could not be effected. It was suggested to Mr. Ellis to make a satisfactory arrangement for hire of teams, while sale was being advertised, and that, in event of failure to agree as to hire, the teams would have to be cared for at expense of City.

FARMERS' INSTITUTE TODAY.

Interesting Meeting at New Hanover Court House—Night Lecture.

The Farmers' Institute party which has been touring the State for several weeks, holding institutes under the auspices of the State Department of Agriculture, reached the city yesterday and today in the New Hanover Court House will hold a meeting for both men and women. While the firemen's tournament will necessarily divide the interest, many are coming from the country and it is hoped to have a representative, if not a large attendance.

The institutes will be held in the Court House and the morning session will begin at 10 o'clock and the afternoon session at 1:30 P. M. These hours apply both to the institute for men and the meetings for ladies.

At the institute for men the subjects for discussion will be "Commercial Fertilizers and Their Use," by T. E. Browne, Hertford county. "Plant Diseases and Spraying," by Dr. F. L. Stevens, North Carolina College of Agriculture. "Soil Improvement," by Dr. W. J. McLendon, Anson county. Peanut Culture, by T. E. Browne. Opening of Question Box and general discussion. At 8 P. M.. Dr. F. L. Stevens will deliver a free lecture, illustrated with magic lantern, on the value of an agricultural education to the farmer.

The subjects for discussion at the woman's institute will be as follows: "Foods and Cooking," by Miss Mae Card, North Carolina Department of Agriculture. "Co-operation of Home and School," by Mrs. F. L. Stevens, Raleigh. Home Nursing, by Miss Card. "Beautifying the Farm Home," by Mrs. Stevens. Opening of Question Box and general discussion.

GUN CLUB TOURNEY.

Large Number of Visitors Arrived Yesterday—Preliminary Shoot.

A number of visitors have arrived for the opening of the State tournament under the auspices of the Wilmington Gun Club, beginning tomorrow morning at 9 o'clock and continuing two days. Among the arrivals yesterday were Messrs. J. M. Hawkins, of the Winchester Arms Company, E. H. Storr, of the Peters Cartridge Company; Col. J. T. Anthony, with the U. M. C. people; Messrs. Creswell, Bates, Strange, Walls, Sawyer, Todd, McPhee, and others, of the State Association.. The preliminary shoot yesterday afternpon attracted a goodly number of locals as well as several of the visitors and the trap was found in good condition. The high scores were made by Storr, professional, and Bates, who holds the State championship. Others to enter the tournament will arrive on this morning's trains.

TOURNAMENT IS ON

Magnificent Parade and Horse Hose Wagon Contest the Events Yesterday.

STRENUOUS FOR FIREMEN

One Asheville Company Wins First Place, Another Ties for Third Place, and Rocky Mount Second in Races—Engines.

With a magnificent parade yesterday morning, the engine contests at foot of Market street immediately following and the horse hose wagon races on North Fifth street yesterday afternoon, the firemen of North Carolina inaugurated their annual tournament, which will continue with the reel contests and hook and ladder event today and tomorrow. Although the weather was almost unbearably warm with a maximum temperature of 90 degrees yesterday afternoon, the first day's events may be said to have been a success in every way, and but for delay and friction resulting from the engine contests, nothing occurred to mar the perfect success of the opening events. Goldsboro won the quick steaming, with Elizabeth City second and Newbern third; Raleigh won the long distance with Elizabeth City second and in the horse hose wagon races, Asheville took first honors; Rocky Mount second, and Goldsboro Eclipse and Asheville No. 1 tied for third place. No world's records were broken, but the teams were all fast and acquitted themselves with exceeding great credit.

The parade yesterday morning was a magnificent spectacle, including nearly a hundred machines, gayly bedecked with colors and many of them laden with bevies of beautiful young women, who came with the respective departments. The pageant was more than half a mile in length and moved along the route published in yesterday morning's papers. The parade was doubtless the most creditable of any kind ever given in Wilmington and perhaps in the State. The section devoted to automobiles was decidedly creditable and was a feature of the entire day's events.

The parade formed at the City Hall and moved shortly after 10 o'clock, the visiting apparatus taking position according to the alphabetical order of the names of the towns and cities from which they came, Wilmington giving way to all and bringing up the rear with as fine a lot of apparatus, horses and company of men as were shown by any department. Following close in the wake of the Wilmington department were the automobiles, about 20 in number, and all reflecting credit upon their owners and drivers. The prizes were awarded as follows: First, Dr. Andrew H. Harriss; second, Mr. T. F. Bagley, and third, Mr. Fred Dock. The machine of Mr. Dock created the most admiration of all from the thousands who lined the course, but the judges, in their opinion, awarded the prizes as stated. Several machines, quite as pretty as the rest, were ruled out on account of having been a little late in entering. One of these was the machine of Mr. Percy Munson. The judges of this section of the parade were Messrs. Chas. U. Harris, of Raleigh and W. A. French, Jr., of Wilmington.

The parade was in charge of Col. John VanB. Metts, chief marshal, with the following aides, all on horseback, viz: Messrs. C. W. Mills, J. H. Davis, O. A. Wiggins, P. L. Cantwell, T. R. Orrell, Jake Solomon, R. E. Tapp and J. McRee Hatch. They managed everything with the utmost ease and the parade was a splendid success from start to finish.

The music for the parade was furnished by the Salem Band and this was a feature of the demonstration. The boys make fine music and added no little to the success of the parade. A ludicrous feature in this connection was the appearance of a band of burlesquers, these being with the Concord contingent. They kept up the fun all along the line of march and received great applause with their antics as they passed in review.

The Engine Contests.

The parade over, the engine contests at foot of Market street were called and a large crowd assembled, but it was nearly 2 o'clock in the afternoon before a start was made. Then Elizabeth City entered a protest against Goldsboro's engine for some alleged irregularities in the quick steaming. Chief King turned the machine over to the rival organzation for inspection, but this seemed only to complicate matters, and later a protest was entered against the Goldsboro steamer, which was burned out in the contest. The official score was declared by the judges as follows:

Goldsboro—2:37 3-5.
Elizabeth City—3:54 1-5.
Newbern No. 1—4:10.

On account of the condition of the Goldsboro engine after the quick steaming, it could not be entered for the long distance throwing and the same was true of the Newbern engine, which also had a mishap. Newbern was a favorite with the sports, but she lost through an apparent too eagerness to win. The engineer of the steamer caught his clothing on fire and jumped in the dock in the quick steaming, placing him on a handicap from the start.

In the long distance throwing Raleigh Engine Co. No. 2 took first money and Elizabeth City came second, the first named having made a record of 245 feet 8 inches, while the Elizabeth City machine made 225 feet 8 inches.

In the quick steaming Newbern had water out of the nozzle in two minutes and eight seconds, but there was not steam enough to keep it over the line five minutes, as is required by the rules, therefore she had to take third place.

The long distance prizes were $50 and $25 respectively while the same prizes were offered for quick steaming.

Horse Hose Wagon Races.

It is estimated that between 10,000 and 15,000 people witnessed the horse hose wagon races on Fifth street, leading north from Bladen. The grandstand capacity was not half sufficient and it was very difficult, even with the use of a liberal amount of rope, to keep the crowds back. The atmosphere was sultry and there was little protection from a baking sun. With the large crowd and the seeming absolute uncontrol of the people, it is due entirely to the firemen and the policmen on the scene that some one was not injured.

There were 17 entries for this race and the lateness of the hour at which a start was made, resulted in the contest not having been completed until dark. Asheville No. 2 was the first team to come down the pike, winning first prize with a time of 29 4-5 seconds; Rocky Mount, second, with a record of 30 1-5; Goldsboro Eclipse and Asheville No. 1 tieing with a record of 32. The race between the two companies named will probably be run over on Friday, an announcement of which, however, had not been made last night. Caswell Company, of Kinston, made the best run, with a time of something like 28, the record at Asheville last year, but the nozzleman failed on connection and the team was ruled out, of course. Elizabeth City also made a phenomenal run but the man at the hydrant fell and the race was lost.

The official figures of the race are as follows:

Asheville Hose Company No. 2—29 4-5 seconds.
Salisbury, Independent—37 1-5 seconds.
High Point—36 4-5 seconds.
Newbern No. 1—32 1-5 seconds.
Statesville—37 seconds.
Goldsboro No. 1—34 seconds.
Rocky Mount—30 1-5 seconds.
Eclipse, Goldsboro—32 seconds. seconds.
Capital Hose of Raleigh—34 3-5 seconds.
Newbern Atlantic—36 seconds.
Concord—35 seconds.
Asheville No. 1—32 seconds.
Monroe No. 1—41 seconds.
Fayetteville No. 1—43 seconds.

(Continued on page four.)

THE MAYOR'S COURT

Negro Brakeman Bound Over for Car Breaking and Larceny—Case of Obstructing Streets Against Telephone Company.

In spite of the larges crowds here for the firemen's tournament, and the exercise of a certain freedom that is always misconstructd for license by the criminally inclined of any community, the Mayor had only a few defendants before him at yesterday's session of the police court, and not an arrest was made during the day. The order that has prevailed among the large crowds of firemen and visitors in the city has been excellent.

The star defendant in the police court yesterday was John Miller, alias Myers, an Atlantic Coast Line brakeman, caught in the act of breaking into a caboose of a freight train on the railroad yards night before last. The thief was detected by some other colored men on the yards, and was held until the conductor of the train could arrive, and Officer W. C. Moore, of the police station, could reach the scene. Miller had taken articles of clothing from a locker in the caboose and had smashed a glass door in making the entrance. He was bound to the next term of the higher court to answer a charge of car breaking and larceny and in default of $50 bond, went to jail.

Martha Baker, an old colored woman living in Turley's alley, was charged with conducting a disorderly house. The charge grew out of a fight that took place at her home during her absence, and she was held not responsible and discharged.

Mr. E. C. Yarborough, chief of a construction force of the Southern Bell Telephone Company, was charged with obstructing the street by leaving a wagon and apparatus over night near the office of the company, Second and Princess streets. He was fined for the company $5 and costs, which was promptly paid.

Joe Campbell, a young white man, charged with imbibing too freely and falling by the wayside, was taxed with the costs.

J. B. Watson, a stranger in the city, was charged with disorderly conduct by Assistant Chief W. P. Munroe in connection with the turning in of a false fire alarm Tuesday night, but he failed to make his appearance and a capias was ordered to issue for him. The alleged disorder is said to have grown out of the fact that he was very abusive to Assistant Chief Monroe and the firemen of the local department when they arrived on the scene of the false alarm and accused the stranger of turning in the alarm.

FROM CAPITAL CITY

Norfolk and Southern Line Beteen Wilson and Raleigh is Now Complete.

THE PARDONING POWER

Governor Refuses to Interfere With Two Executions—A. V. Rice From New Hanover—Construction Foreman Dangerously Hurt.

(Special Star Telegram.)

Raleigh, N. C., August 7.—Governor Glenn finds it necessary to decline the invitation of the Brooklyn Democratic Club to deliver an address there August 28th on "States' Rights" and the conflict between the State and Federal courts in the famous North Carolina struggle by which the railroads were compelled to put on the 2 1-4 cent passenger rate. The Governor issues a statement in which he says he will be engaged at that time in matters looking to the elimination of freight rate discriminations.

This evening two parties laying track on either end of the line of the Norfolk and Southern, between Raleigh and Wilson, met and spiked down the last rail. The work will now be pressed toward Washington and other Eastern points for a through line from Raleigh to Norfolk is projected. Passenger trains between Raleigh and Wilson will be running September 1st.

David Dubois, a construction foreman of the Norfolk and Southern, lies at death's door at the hospital here from a fractured skull sustained by the falling of a heavy timber at the trestle here. Will Nichols, a negro youth, was on top of the trestle and misunderstood a signal by the man at the hoisting engine and turned a big timber loose which fell on Dubois underneath the trestle.

Governor Glenn declines to interfere with the death sentence of Will Banks, of Ashe county, or James Rucker, of Buncombe, Banks' sentence being for murder in the first degree and Rucker for criminal assault on his six year old step daughter. Four other applications for pardon are declined including Jessie Mason, serving six years from New Hanover county for highway robbery. Concerning Mason's case the Governor says "he had a fair trial and the sentence was not excessive, therefore, at the end of two years I can not see my way clear to grant the pardon."

The Governor grants pardons to A. V. Rice, serving ten years from New Hanover for stealing a bicycle, C A. Simpson, serving two years from Montgomery for manslaughter, and Jasper Watson serving seven years from Watauga for manslaughter.

Concerning the pardon of A. V. Rice, of New Hanover, the Governor says "the defendant was convicted at the spring term 1901 of New Hanover court for stealing a bicycle valued at $20.00; defendant had been in jail six months and made a good prisoner. I think he has been punished sufficiently and the pardon is therefore granted conditioned on his good behavior and that he remains sober and industrious."

The Southern Indicted.

Raleigh, N. C., August 7.—An affidavit charging that the killing of the three in the Southern Railway wreck near Auburn last night was by criminal act or default, was today sworn out before the coroner of this county, who has empanelled a jury. In this State if criminal neglect leading to death is proven, the crime is manslaughter and a case of this kind is expected to be made against Conductor C. M. Oakley, and Engineer W. C. Rippey, of the passenger train i nthe wreck, who forgot their orders to meet the freight and caused the head-on collision.

LEFT AT CHAPEL RESIDENCE

Tiny Foundling Carried to Sixth and Queen Streets Last Night.

Between 11 and 12 o'clock last night a woman stole silently up to the porch of the residence portion of the Chapel of the Good Shepherd, Sixth and Queen streets, quickly deposited a tiny foundling in swaddling clothes near the steps, rang the door bell and hurriedly took her departure. The ladies who have charge of much of the mission work inconnection with the Chapel, live in the residence and one of them called to the retreating figure and received a reply in suppressed voice asking that the child be cared for but the woman was not recognized.

The poor woman, whoever she is, probably at one time or another had received spiritual if not material help at the Chapel and when she found that she could not care for the infant probably brought it again to the church and left it there, knowing well that some provision would be made for the little innocent. Captain George Smith was notified at the police station and he had the tiny infant sent to the hospital for care until some provision is made for its disposition with some good family.

Special trip of steamer Wilmington this evening to the pier and return. Boat leaves at 5:15. Fare for round trip, 15 cents.

The Morning Star.

Owner and Editor.

WILMINGTON, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the Act of Congress of March 3, 1879.

Thursday, August 8, 1907.

NORFOLK AND WILMINGTON.

The Charlotte Observer has been saying some nice things about the port of Wilmington, and the esteemed Norfolk Landmark took up something which the esteemed Charlotte Observer said. The Observer, referring to what the Landmark had to say cleverly and correctly says:

"While not depreciating the great value of North Carolina business to Norfolk's port, The Norfolk Landmark thinks The Observer went a little too far on this point in a recent discussion of North Carolina freight rates. Norfolk,, The Landmark shows, has just been made the seaport terminus of a great railroad running west and northwest. Two such roads now have their outlet there, which fact, The Landmark submits, does not indicate any decay in trade from above the North Carolina line. These amendments The Observer accepts in full. Turning to our comparison of Wilmington's port business with Norfolk's The Landmark calls for official figures. The value of Norfolk harbor's traffic last year as reported by United States Engineer Kuhn, it gives as $628,000,000. Here, through inadvertence, we made a real blunder. What we meant to say, but didn't was that Wilmington's foreign business will bear comparison with that of Norfolk. Of course, it is generally known that Norfolk, principally by virtue of transshipments between North Atlantic ports and Carolina inland points, greatly outranks Wilmington as a coasting port. This case of Wilmington vs. Norfolk, though a side issue and not bearing upon what The Observer had to say about freight rates, possesses abundant interest of its own. The figures which we want to see are those for the foreign business of Norfolk and Wilmington, respectively. Norfolk's decided superiority in total business being conceded, the matter in hand is to ascertain whether Wilmington can keep company in foreign business. We hereby put it up to The Landmark and our Wilmington contemporaries to come forward with the figures."

The Observer is entirely safe in its position. Our esteemed Charlotte contemporary was referring to the export business from the ports of Wilmington and Norfolk. The Observer did not mean to compare the general business of the port of Wilmington with that of Norfolk, for there is no more comparison in our favor in that respect than there is for Norfolk in comparing her exports with those of Wilmington. Norfolk is a much larger community than Wilmington, and naturally the general business done there would make most cities enviable, as, indeed, could also be said of the export business of Wilmington. Exports to foreign countries from Wilmington for the fiscal year ended June 30, amounted to $18,566,468, and as heretofore stated that is the character of business that brings in the money. Norfolk's export business during the same period probably was in the neighborhood of $8,000,000, as we have not the exact statistics. However, the exports for Norfolk and Portsmouth for the 11 months ending May 31, were given in the statistics of the Department of Commerce and Labor, at $7,681,641 to $17,646,273 for Wilmington, covering the same period. The year wound up, with the missing month of June, in about that proportion as to export business. The Monthly Summary of Commerce and Finance, issued by the Department of Commerce and Labor, will be issued in a few days, and the exact figures can then be given.

DR. RUFFIN PROFESSOR OF LAW.

At a meeting of the trustees of the University of North Carolina, held at Raleigh on Tuesday, Dr. Thomas Ruffin, of Charlotte, was elected a full professor of law. This step has been taken in accordance with the purpose to enlarge the faculty at Chapel Hill, and it might be said that it is part of the plan to enlarge the scope of the University. The University is constantly growing in efficency and standard, and its high reputation and progressiveness is a source of gratificatios to all North Carolinians.

When it comes to the subject of law, Ruffin is a mighty good name in North Carolina, and in the selection of the Charlotte lawyer to fill that chair, the University trustees acted knowingly and wisely. It is hoped that he will accept, but as to that the Charlotte Observer of yesterday says, in an editorial paragraph:

"Dr. Ruffin was for a time associate professor there and his loss was much regretted by the institution. For the past three years he has been parcticing his profession in Charlotte, and his friends here will regret a decision to leave the city. Whether he will accept is notk nown definitely."

Progress is being made all along the line at the University and the institution is ever looking up under the administration of its able and progressive president, Dr. Venable. One of the progressve moves is the construction of a biological laboratory, and at the trustees' meeting a committee of five trustees and the faculty was appointed to supervise the work.

NORTH CAROLINA BOOKLET.

This valuable historical publication for July contains much that is of general interest to North Carolinians and of special interest to Wilmingtonians. The most prominent article in it is by Wilmington's distingushed citizen, the Hon. A. M. Waddell, who writes on North Carolina in the French and Indian War. It is a well written and valuable contribution to State history and all those interested in State lore should read it. Another special article of pronounced worth is by Thomas M. Pittman, Esq., whose subject is "Locke's Fundamental Constitutions," but aside from these and other features none will be more highly appreciated than an address by James Alston Cabell, of Richmond, Va., whose subject is: "Our Dearest Neighbor, The Old North State."

The July Booklet is further enhanced in interest with the work of the editors, Mrs. E. E. Moffitt and Miss Mary Hilliard Hinton, who produce biographical sketches of Col. Waddell, the Hon. Thomas M. Pittman, and the Hon. James Alston Cabell, the Booklet's current contributors.

The Star has heretofore remarked upon the inestimable value of the Booklet to historical research in this State, and concerning its importance as a means of rescuing and recording Carolina history, and it is an undertaking which should have the earnest and enthusiastic support of all citizens of the State.

THE ATLANTIC MONTHLY.

This sturdy and superior magazine for August is a capital number in every respect. In it is a strong article by the Hon. James Bryce on "What is Progress?" and one of the other notable contributions is, "The Tendency of American Railroad Development," a most timely article to be sure. The literary features of the magazine are of a high order, and of stories and poems there are several that possess superior merit. The Atlantic Monthly is sent a year for $4.00, and is on sale at 35 cents per copy. Address Houghton, Mifflin & Co., 4 Park Street, Boston.

CURRENT COMMENT.

—Wilmington is doing the entertaining act in royal shape for the fire fighters this week.—Newbern Sun.

—Mr. Craig talked to the firemen yesterday at Wilmington. He didn't say a word about turning the hose on the other candidates.—Newbern Sun.

—The firemen have become so accustomed to having Captain McNeill running the affair that they would hardly know how to have a tournamen without him.—Newbern Sun.

—Col. John Temple Graves now proposes that a triumvirate composed of Bryan, Hearst and Tom Watson take the Democratic party in hand. Of course the colonel doesn't mean it, but he must have something to propose every little while.—Charlotte Observer.

—Sentiment has more to do "with the government of the world than our Teddy, once thought and it has been successfully evoked at Schaffshausen in Germany to save the romantic Rhine Falls from extinction in the interests of electric light and power concerns. There it has been decided to grant franchises for currents that would take the water back of the Falls to no more commercial concerns, and to recommend that no renewal of the present one be granted when it expires in 1929. This affords an example which may well be taken to heart here for the saving of Nigara Falls.

—The Hon. John Temple Graves, of Atlanta, Ga., is a diamond with a multitude of shimmering angles and facets—an opal of great price, with ten million plexions. He is a one-man band, a faculty of the arts and sciences, a high court of supreme judiciature, wedded, squeezed, and boiled down into one man and clad in one pair of pantaloons. One day he sounds his trumpet blast—and catiffs tremble and grow white at gills. The next day he summons sweet harmonics from his rosewood violin—and all the earth seems filled with the sound of birds singing, brooks purling, and lovers kissing. Thus he skips and gallops through the orchestra, once halting at the B-flat clarionet and anon tickling the springs of the bass piccolo.—Baltimore Sun.

TWINKLINGS.

—"I knew you were a fool before I married you!" "I presume my proposing to you satisfied you on that point?"—Houston Post.

—"My wife doesn't say 'boo' when I come home at midnight." "Neither does mine, but she says nearly everything else in the dictionary."—Detroit Free Press.

—Husband—I wish I had some of those good, old-fashioned biscuits like mother used to make for me. Wife—And I wish I had some of those nice new-fashioned clothes like father used to buy for me.—Chicago News.

—"Moving?" inquired a neighbor, as a furniture van stopped in front of Kerlect's house. "No, indeed," replied Kerlict, "A friend wants to borrow our collection of souvenir postcards."—Judge.

—"I guess they've caught that wife murderer." "Anything in the papers about it?" "No, but I saw several women with big bunches of flowers hurrying toward the jail a little while ago."—Chicago Record-Herald.

—The explorers found sections of vertebrae more massive than any they had ever seen. "There is only one explanation, gentlemen," declared Professor Din O'Saur. "These are fragments of the backbone of the winter of 1906-07."—Pittsburg Post.

—"We may each contribute to the city beautiful," said the enthusiastic speaker; "each add a little to the adorning of the streets." "I will volunteer," said one of the hearers, "to wear my new hat down to the matinee this very afternoon if the sun shines."—Philadelphia Ledger.

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Wlmington. Here's Wilmington testimony:

B. R. King, the well known policeman, residing at 706 Wooster street, Wilmington, N. C., says: "I had terrible pain in my back, which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed it with liniments and none of them helped me. Seeing Doan's Kidney Pills recommended, I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes I have not had an ache or pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

To Drive Out Malaria And Build Up The System.

Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effectual form. For grown people and children 50c.

SOFTNESS OF SEALSKIN,

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

EQUITABLE LIFE ASSURANCE SOCIETY

VALUE OF PROTECTIVE LAWS

Governor Hughes, who has given much thought to the subject of life insurance, said in his fist message to the Legislature:

"At the last Session several statutes were passed with the object of furnishing more secure protection to the policyholders . . . Many of the provisions became effective on January 1, 1907. These statutes were enacted after very careful consideration."

Governor Hughes had previously said, "I would rather take insurance in a New York company compelled to transact business under these restrictions than in any company not so restricted; and I believe that will be the sentiment of the people of these United States."

Thousands of men have refused to insure in the past because they have been unwilling to take the trouble to read the policy, and have, consequently, been afraid to insure lest there be hidden away in the policy some inimical provision.

Such people will now be ready to take a policy, which besides the Society's guarantee, is endorsed by the State, and protected by laws framed for the express purpose of safeguarding their interests.

The present law embodies such points as the following:

Publicity.

Reports must be more com-prehensive and detailed than ever before. They are public documents, accessible to every policyholder.

Character of Investments Limited.

The Insurance Department must see that no infringement of the law relating to investments is permitted.

All Investments Must Be Reported.

Full schedules of assets must be given. All transactions must be spread upon the record.

Examinations.

The Insurance Department must make periodical examinations, and may make special examinations upon the complaint of policyholders.

Vouchers must be presented for all important disbursements, and these vouchers must be inspected by the Department.

Supervision.

The Department, instead of simply certifying to the solvency of a company, must report upon its management; must see that expense limits are not exceeded, and must see that it conforms in all respects to the requirements of the law.

Expense Limited.

Hereafter the expenses of every company will be strictly limited.

Management Restrictions.

The management by officers and directors is strictly regulated. Interest on the part of an officer or director in any loan or investment of the company is a criminal offense.

Volume of Business Limited.

Policyholders' Powers Increased.

The laws under which directors are elected have been revised, so as to give policyholders full power to exercise their rights.

Advertisements and Announcements.

Advertisements and public announcements must be straightforward and enlightening.

Standard Policy.

Not only must every policy be of a prescribed form, but it must contain the entire contract, and cannot be modified, or qualified, by outside regulations or collateraldocuments.

Agents.

The companies must see that agents do their business properly, and must limit their appointments to agents who can be made to respect the law.

Reserves Must Be Adequate.

The company must always maintain adequate reserves for the protection of all policyholders.

Annual Divi

Surplus under Standard Po licies must be divided equitably in the form of annual dividends.

Non-Forfeiture

No policy can be forfeited unless due notice has been given in advance, and if a policy has a surrender value, the insured will get the benefit of it automatically.

Impartiality.

Policyholders must be dealt with fairly. Unjust discrimination is prohibited. Rebates must not be allowed.

Penalties.

The violation of the insurance law by the company, or any of its directors, officers or agents, its a crime punishable by severe penalties.

R. R. RICHARDON, District Agent.

How Dolls Are Made.

Many big things are needed to make a small doll. She has her beginning in a great trough, where workmen knead up into a dingy paste old cardboard, even old gloves, old rags and gum tragacanth. They are great brawny fellows, these men, naked to the waist, wearing leathern aprons. In an adjoining room the paste is poured into molds for the busts, the arms, the legs of dolls innumerable. There is a special machine for stamping out the hands. I should not like to confess how long I stood in front of it, fascinated by the steady stream of queer little hands that fell ceaselessly from the iron monster. It was awful, uncanny, hypnotizing. Indeed, the whole sight was grim and monstrous. The low factory rooms were misty with steam and lit by strange, red glowing fires. Always the great steel machines pulsed and changed, and through the mist sweaty giants of men went to and fro with heaps of little greenish arms and legs until you began to think that some new Herod had killed all the little people in the world.—Everybody's.

Napoleon Trusted His Omens.

Napoleon always had an unlimited trust in his presentiments. When the news came to him that one of the Nile river boats, the name of which was L'Italie, had been wrecked and the crew put to death he gave up all hope of ever completing his conquest of Italy by annexation. Napoleon believed that the stars exercised an occult influence over human destinies. When General Rapp, at one time his aid-de-camp, returned from the siege of Dantsic he found the emperor gazing with concentrated attention at the heavens. "Look there!" shouted the emperor. "It is my star! The fiery red one, almost as large as the moon! It is before you now, and, ah, how brilliant! It has never abandoned me for a single instant. I see it on all great occasions. It commands me to go forward; it is my sign of good fortune, and where it leads I will follow."

The Old Calfskin Shoe Lace.

The modern boot lace is anything but a luxury. It is nearly always just too long or a little too short, and, although made flat, it soon becomes curled with a little wear. In the old days laces were made of calfskin, and nearly every farmer was an expert. He would cut a disk of leather three or four inches in diameter, stick the point of a sharp knife blade in a board, place the thumb nail the thickness of a match from it and quickly draw the string through the opening, the perimeter being reduced the thickness of a match at every measure of the circumference. Then the square string was rolled between the sole of the shoe and the floor till perfectly round, after which it was greased with tallow. Such a lace would last for months. Round laces are now made of fiber, but their shine soon wears off, giving them a much worn appearance.

How to Enjoy Whist.

"How can one learn to enjoy the game of whist?"—Aspirant.

Get yourself roped into a game as partner to some one who helped Hoyle write his book. The other two players must also be experts. Start in pleasantly to enliven the game with a few well chosen anecdotes, now and then making the wrong play. After your partner has slapped your ears and sworn at you and put the black curse on you and all your ancestry and called you a fool a few times you will awake to the real joy of the gentle and intellectual game. We have tried this several times, but not at frequent intervals, and we can guarantee its efficacy. —Chicago News.

Rossini's Watch.

In 1824 Charles X. presented Rossini, the composer, with a repeating watch, studded with diamonds, and playing two of Rossini's melodies. Nobody in Bologna could clean the watch, so it was sent in the care of the tenor, Fabiano, to Paris, where it was destroyed in a fire. Plivee, the watchmaker, thereupon made a second watch, the exact counterpart of the first, except that the diamonds were false, and Rossini, who never discovered this pious fraud, wore the trinket all his life. On his death it passed to a relative, whose son sold it to an Englishman. It is said to contain an excellent portrait in enamel of Rossini as he was in 1824.

English and French Husbands.

When an English wife has hysterics her husband is immediately bored and goes to his club or else he says: "You are not very well, my dear. Shall I send for a doctor?" The Frenchman, au contraire, has hysterics too. The Frenchman may fight with his wife, love her, hate her, kiss her or kill her, but indifferent to her, superior to her, never!—Pol de Leon in London World.

The Truth of It.

Teacher—Johnny, can you define for us the difference between "caution" and "cowardice?" Johnny—Yessum. When you're scart to go out on a boat and stay home for fear it'll sink and the boat comes in all right, it's "cowardice." Teacher—Well? Johnny—And if you're scart and stay home and the boat does sink, then it's "caution."

Not an Ancestor.

Papa was carefully studying the family history in the big Bible when his nine-year-old daughter surprised him by saying, "Papa, was Aunt Ann one of your Ann-sisters?"

Work.

Most of us work hard enough, but too many of us work hardest trying to keep from working.—Atlanta Georgian.

Belle of Virginia
BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

PERSONAL PARAGRAPHS.

—Mr. David Sessoms, of Stedman, was in the city yesterday and was a pleasant caller at the Star office.

—Sheriff and Mrs. S. Percy Cowan have returned from a visit of some time to Laurel Hill, Scotland county.

—Mrs. W. M. Andrews, of Pretoria, Ga., is the guest of her sister, Mrs. C. Thalley, 624 North Fourth street.

—Mr. and Mrs. Edward P. Parker, of High Point, N. C., are the guests of Mr. and Mrs. Jos. D. Smith, in this city.

—Mrs. S. A. Matthews and little sons, Samuel and Harold, have gone to Newark, N. J., to spend a month with Mrs. C. I. Kline.

—Mr. Lee Greer, formerly of this city but now of Augusta, Ga., is in the city, visiting friends and attending to some business matters.

—Professor L. McNeill, principal of Grove Academy. Kenansville, N. C., was in the city yesterday for the firemen's tournament and making business calls.

—Charlotte Observer: "Mrs. Thos. C. James and Miss Maggie Haughton, of Wilmington, are visiting at the home of their brother, Captain Thos. H. Haughton, at No. 7 East Eleventh street."

—Mr. John R. Hanby, of the Crescent Candy Company, left yesterday morning for the Jamestown Exposition to attend the convention of the National Jobbing Confectioners' Association. Master Howard A. Hanby accompanied him.

—Fayetteville Observer: "Masters Walter and William Holt went down to Wilmington yesterday to spend the balance of the Summer with their uncle, Mr. E. C. Holt.——"Mr. and Mrs. A. H. Slocomb, Jr., Miss Blanche Thornton and Misses Marion and Helen Slocomb left yesterday on the steamer City of Fayetteville for Wilmington and the Beach."

—Charlotte Observer: "Miss Cornie Fore and Miss Louise Berry, of Wilmington, who has been her guest for several weeks, will leave Friday for Wilmington. Miss Fore will be gone several weeks.——Mr. and Mrs. T. J. Davis and children will leave Friday or Saturday for Wrightsville Beach. Mr. Davis will return in a day or two, but the others will remain a month or longer."

W. L. I. TO JAMESTOWN

General Orders Issued Yesterday From Quartermaster General.

Captain W. F. Robertson, commanding the Wilmington Light Infantry, yesterday received general orders from the office of the Quartermaster General of the North Carolina National Guard at Henderson, covering the movement of troops to the Jamestown Exposition for the annual encampment there for the five days begnning August 12th. In accordance with instructions from Governor Glenn that none of the troops be moved on Sunday, the W. L. I. will leave Wilmington at one minute past 12 o'clock Sunday night for the Exposition on a special train over the Atlantic Coast Line, picking up companies en route and connecting with another special at Warsaw at 1:50 A. M., taking on board the Clinton company and hospital corps. Returning the special will leave Norfolk at 7:30 P. M., August 16th. The boys of Company C do not relish leaving at such an unseemly hour and having of necessity to make all their preparations on Sunday, but of course orders are orders and every man of the Wilmington Light Infantry is a soldier. They will leave in good shape.

CAROLINA SAVINGS AND TRUST

Six Per Cent. Annual Dividend Declared With Good Surplus.

At a meeting of the directors of the Carolina Savings and Trust Company, the youngest but one of the most popular and progressive of Wilmington's savings institutions, on Tuesday morning, an annual dividend of six per cent. on the capital stock of the bank was declared, payable semi-annually three per cent. on the first day of September and the first day of March each year. The bank was organized in September 1905 and since its organization, in addition to the earning of the dividends, has passed $10,000 to the surplus fund. A much larger dividend could have been declared at the meeting Tuesday, but it was deemed inadvisable to impair the surplus fund. The annual meeting of the directors and stockholders of the bank will be held on the first Tuesday in next month and at this meeting a most gratifying showing will be made.

The affairs of the Carolina Savings and Trust Company are managed by progressive and substantial business men and the institution is one of which any city may feel proud.

TOURNAMENT IS ON

(Continued from first page.)

Elizabeth City, Kinston and Durham failed on connection.

The judges and timekeepers were Messrs. F. T. Mills, S. J. Davis, Dr. Battle and Mr. W. A. French, Jr., while Secretary W. C. VonGlahn was the official starter. Capt. Jas. D. McNeill, president of the Association, gallant firefighter and all round good fellow, was in general charge of the races of course. The prizes are $150 first, $75 second and $25 third.

The Rome, Ga., company arrived yesterday and will partcipate in the Inter-State events tomorrow. They are 22 men strong and are at The Orton.

Today's Programme.

The programme today includes the hand reel races at 9 A. M., the grab reel races at 2:30 P. M. and the Hook and ladder contest. For the latter only Asheville and the Womble Company, of Raleigh, will enter. For the hand and grab reel races, the entries are Chapel Hill No. 1, Morganton, Graham No. 1, Salem Fire Department, Salisbury Southside and Raleigh. These will also likely participate in the events on Inter-State day tomorrow.

Firemen's Ball Last Night.

The firemen's ball last night was largely attended by a number of the visitors going. Labell, of the 8 o'clock car to the participating in the fe subject is: night the trip will be t The Old N each on the steamer W The July B all firemen and visito anced in i

Durham Charge.

A charge brought against a member of the Rescue Company, of Raleigh, by Chief Maddry, of Durham, alleging illegal interference with the Durham company in making a coupling at the Asheville tournament last year, was heard by the executive committee yesterday morning, a decision having been given in favor of Durham on every point, it being held that while the Raleigh member might have interfered through youth and indiscretion more than anything else, that his conduct was such as to disbar him from participating in the Wilmngton tournament. This, the hope was expressed, would heal the breach that has existed between the Durham and Raleigh companies since the last meeting.

Some General Notes.

It was a neat little demonstration that the firemen in the parade yesterday received at the big deparment store of J. H. Rehder & Co, when they passed there at Fourth street bridge. The large show windows of the store, all gayly bedecked in flags and bunting, were filled with sprightly youngsters, who were furnished with tin horns. As the parade passed, the boys blew a rousing welcome to the fire laddies, the incident attracting much interest in the line of march. The idea belonged to Mr. Clayton Moore and his inventive genius on this occasion did not fail to attract attention to the big store.

The only bicycle in the parade yesterday was a tandem, which was neatly decorated, and astride which were Messrs. Lang Sellers and Will Hodges, who are in the bicycle business and know how to make a showing when they go after it.

The Bowling Tournament.

The bowling tournament between teams of firemen, four each, was inaugurated at Lumina last night and will be concluded tomorrow night for prizes of $25, $15 and $5, respectively. The teams scored last night as follows, Salem leading in the contest: Newbern, Royall 58, Brinson 59, Nelson 84, Coward 78. Total 179. Monroe No. 1: Stewart 89, Colin 87, McCorkle 92, Hill 72. Total 330. Morganton; Ross, 103; Ward, 131; Claywell 120, McG. 105. Total 459. Salem: Cash 150, Peddicord 81, Jarvis 131, O. Peddicord 106. Total 468. Winston No. 3: Cofer 111, Martin 103, Lewis 87, No Name 92. Total 393. Hickory: Total 452. The games will be continued tonight at 9 o'clock and much interest is developing in the contest.

LOCAL DOTS.

—The usual mid-week dance will be given tonight at Carolina Beach. The steamer Wilmington leaves her wharf at 8 o'clock and a very large crowd is expected. The best of order will be maintained.

—Mr. Lang Sellers is a firm believer in the advertising done in the columns of The Star. Yesterday he let the public know that he had lost a canary bird. It simply flew out of the cage and off. The advertisement was read by Mrs. Matt Bremer and she sent Mr. Sellers word to come for the canary, which he did and restored it to the cage, where it again remains the pet of the household.

RAILROADS WILL DO RIGHT.

Governor of Virginia Says He Will See That They Do.

(By Wire to The Morning Star.)

Richmond, Va., Aug. 7.—Governor Swanson told the James River Valley League, a large co-operative organization of planters and small farmers, which he addressed in the hall of the House of Delegates today, that he believed the railroads meant to do the right thing in Virginia, but if they did not act reasonably they would be forced to do so. Reference to the proposed opening of river navigation to Lynchburg was greeted with cheers.

MURDER AND SUICIDE

Asheville Man Shoots Widow and Kills Himself.

(By Wire to the Morning Star.)

Asheville, N. C., August 7.—Mrs. Laura Ray, proprietress of the Success Inn a boarding house in this city was shot five times and killed by Robert Murdock, keeper of a stall in the market house, who, after emptying his weapon into the woman's body reloaded the gun and fired three shots into his heart. No cause is assigned for Murdock's act further than it is said that he had gone to the house to collect a debt he claimed the woman owed him and over which they had had trouble before.

WARM WIRELETS.

Efforts to secure $15,000 bail for Mrs. Anna Bradley, slayer of former Senator Brown, of Utah, have failed. She will remain in prison three months for trial.

All operators employed in the Los Angeles, Cal., office of the Western Union Telegraph Company walked out yesterday evening. It is stated but one man remained in the operating department. There was no previous intimation of a strike.

In a race between two big automobiles from Milwaukee to a town distant 25 miles with a supper and $25 as the stake, four lives were lost yesterday afternoon, when one of the machines struck a bridge and was wrecked.

The Mississippi Democratic State Executive Committee will meet today to canvass the returns in the Senatorial primary. So close is the race that the contest is at fever heat, both Williams and Vardaman claiming the election, the latter by a majority of 251.

The American Tobacco Company, in New York yesterday, declared on its capital stock the regularly quarterly dividend of 2 1-2 per cent., and an extra dividend of 7 1-2 per cent., against 2 1-2 regular and 5 per cent. extra at the last previous declaration.

Today was observed as Knights of Pythias day at the Jamestown Exposition, with special parades and demonstrations by the Ohio, West Virginia and Virginia Pythians of the Uniformed Rank, now in camp there. There was a large attendance of Pythians at large and Rathbone Sisters.

Miss May Bushnell, of Winchester, Va., was fatally injuried in an automobile accident at Berryville, Miss., Tuesday night. She was in company with two young men and two attempts had been made to wreck the machine and it was finally overturned by a log placed across the road.

Loretta Grace, Jennie McDonald, Hannah Murphy and Thomas Edwards, employed at the Norwood House, Attenhurst, N. J., were ground to pieces by a train last night near the local station. They were in a carriage and were crossing the tracks.

Juan Pedro Didapp, of Mexico, arrived in Norfolk yesterday with consul credentials and will open a Norfolk consulate today. He announces that Mexican capitalists have decided to operate a line of steamers to Norfolk from Mexico, stopping at Havana, Cuba, en route. They will make bimonthly sailings and have passenger accommodations.

Rain, hail, lightning and severe wind storms, approaching the severity of a tornado, did incalculable damage Tuesday night to sections of Minnesota, Wisconsin and Iowa. It is reported in one Iowa town that 20 people were killed, while buildings in many others were blown down and scores of people injuried. The loss to crops and buildings is estimated at hundreds of thousands of dollars.

The evidence secured at Monte Carlo, Spain, indicates that Therese Williams, parts of whose body were found in a trunk and in a valise at Marseilles, and who was a well known frequenter of the gaming tables at Monte Carlo, was murdered for her jewels. Mr. and Mrs. Gold, who are English and who owned the trunk and valise, will be extradited from Marseilles to Monte Carlo and will be tried.

THREE HUNDRED KILLED.

Deadly Result of Shell Among Moors at Cassa Blanca.

(By Wire to the Morning Star.)

Paris, Aug. 7.—A special dispatch from Tangier this afternoon says that the Moorish troops composing the garrison of Casa Blanca have been disarmed and that their arms and ammunition have been deposited at the French consulate. The Moorish officials have confided the protection of the city to the Franco-Spanish forces.

The French cruisers Galilee and Du Chayla continue to fire on and disperse the Moorish horsemen who approach the city.

The government expects that Rear Admiral Philibert's squadron with General Drude, commanding the French expeditionary force on board, which proceeded from Oran, Algeria, at the highest speed, will reach Casa Blanca today. Upon the arrival of the general at the Moroccan port the subsequent action of the French forces will be decided upon.

Additional advices state that the number of Moors killed or wounded during Sunday's bombardment of Casa Blanca was 300.

PEONAGE TRIAL AT BEAUFORT

Former Senator Jarvis Will Appear For Government.

(By Wire to the Morning Star.)

Raleigh, N. C., August 7.—Preliminary to the trial of the peonage cases in the Federal court at Beaufort, Judge Purnell this morning called the grand jury in and informed them that a report was in circulation that he had given an intimation in his charge yesterday against finding a true bill. He said that he had not intended to convey such an impression but that if the present grand jury failed to find a bill, the grand jury at the regular term could act.

District Attorney Skinner announced that former Governor and United States Senator Thomas J. Jarvis would appear for the government.

The government's witnesses being Russians and unable to speak English, Zeakoav Spevakovsk was sworn as an interpreter. The court then adjourned until tomorrow morning.

...ugust 6: In tussling for ... of a pistol at a picnic ... by Frank Jenkins prob... not himself, the ball ... over his heart, after pas... his hand.

—Fayette... ville, August 6: Last Sat... urdey, dur... ng a severe thunder-storm, lightning ... struck the switch board of the tel... ephone exchange in the Thornton ... block, setting fire to the wood... wor... k, and requiring good work by the fire... men to check the flames. About t... wenty telephones were temporarily ... out of service.

—Reidsville, August 6: Mrs. Mary Cobb, of Blackwell's, Caswell county, mother of Vice President Cobb, of the American Tobacco Company, and a relative of many prominent North Carolinians, who has been critically ill for some time, died tonight. Her death was not unexpected, as the end had been looked for, owing to her extreme old age.

—Fayetteville, August 6: The Farmers and Women's institutes for Cumberland county were held in this city Saturday, the farmers conducted by Dr. F. L. Stevens, Walter Grimes, T. B. Parker and Tait Butler, and the latter by Mrs. Stevens and Mrs. Grimes. The attendance was not what it should have been, but good speeches were made, and the exercises were full of intrest to those present.

—Fayetteville, August 6: The force on the construction of the transmission line between the Cape Fear Electric Company and the Fayetteville insultating station is nearly here. If the company can secure from the city electric light plant the power to install arc lights on the dam at Buckhorn Falls, it will put on a large shift of night hands, and run its plant to completion.

—Reidsville, August 6: Bob Penn, colored, a shoemaker here, says he believes his mother is the oldest person living in this part of the country. According to his statement, she was born in the year 1775 and is hale and hearty at the age of 131 years. The old woman resides in Martinsville, but Bob is trying to persuade her to come to Reidsville and make her home with him.

—Winston-Salem, August 6: The election held here today to determine the question of issuing bonds in the sum of $150,000 for the improvement of the streets, sewerage system and water-works, resulted in a victory for the measure by a mapority of 351. It was conceded early in the afternoon that the proposition had been carried. This will make the bonded indebtedness of the city $650,000.

—Greensboro, August 6: The Southern Railway has stopped work on the double-track north of the city. It is stated upon good authority that the company has ordered all double-tracking work on the lines of the road to be stopped pending the rate legislation that is now going the rounds of the higher courts. Yesterday Judge Robert M. Douglas served notice on the company forbidding them to trespass upon the property alleged to be a part of that owned by the widow of the late Judge Dick, for whom he is attorney. One man said jokingly that as soon as they received notice the workmen threw up their hands and declared that all was over for the present.

—Raleigh, August 6: In an interview today with State Auditor Dixon, ragarding the pensions to Confederate veterans and widows of soldiers this year, he said there will be about 1,000 increase in the number of pensioners of the fourth class, nearly all of these being men. He had hoped there would not be an increase over that of last year in order that the amount of pensions to be allowed might be larger, but the county boards of examiners put on a great many new pensioners. The number of fourth-class pensioners, including widows, last year was 14,061, while it is now beyond 15,000. The other classes of pensioners remain about the same in number, Auditor Dixon says he thinks the State pension board will be able to allow the first-class pensioners $72, as against $60 last year; second-class pensioners $60, against $48; third-class $48, against $35; and fourth-class $24, against $18. The total appropriation this year for pensions is $400,000, which is a very handsome increase over that available last year.

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. Trial bottle free.

I live and let my brethren live
With all that's good to me!
Unto the poor some cash I give,
The balance I give Rocky Mountain Tea.

PORK—Corn fed 8@10.

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, August 7.—The cotton market was quiet during today's session with fluctuations irregular. The close was steady at a net decline of 3 points to an advance of 3 points late position being relatively firm; sales were estimated at 225,000 bales.

The openingfi was firm at an advance of 3 to 7 points on better cables than expected and during the early session the market worked up to a net advance of 11 to 12 points on active new crop months owing to covering of shorts and a scattering demand attracted by the continued dry hot weather in the Western belt and crop damage reports from that section. August was held back by rumors that tenders would be heavy next Friday and during the middle session the whole list weakened under liquidation which was attributed to unsettled conditions in stock market circles and selling through Wall street houses. After easing off to a net decline of about 2 to 7 points, the market steadied on covering with October and December closing net unchanged and later months a shade above last night's finals. Twenty-four points in Texas reported Maximum temperatures for the past twenty-four hours ranging from 96 to 106 degrees. A better spot demand was reported in the Elnglish market and cables reported a steady market at that point.

Receipts at the ports today 1,586 bales last week and 3,099 last year. For the week 12,000 bales against 9,732 last week and 32,200 last year. New Orleans receipts today were 841 bales against 816 last year, Houston 180 bales against 494 last year.

Spot cotton closed quiet, 5 points lower; middling uplands, 13.20; middling Gulf, 13.45; sales, 460 bales.

Futures opened firm and closed steady.

LIVERPOOL MARKET.

(By Cable to The Morning Star.)

Liverpool, Aug. 7.—Spot, increased demand. Prices six points lower. American middling, fair, 8.38; good middling, 7.84; middling, 7.30; low middling, 6.90; good ordnary, 6.16; ordinary, 5.56.

The sales of the day were 10,000 bales, of which 1,000 were for speculation and export, and included 8,800 American. Reciptes, 3,000 bales, including, 2,600 American. Futures opened easy and closed steady. American middling, G. O. C.: August, 6.94; August and September, 6.82; September and October, 6.69; October and November, 6.64; November and December, 6.61; December and January, 6.60; January and February, 6.59; February and March, 6.60; March and April, 6.61; April and May, 6.62; May and June, 6.63.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, August 7.—Money on call steady 2 to 2 3-4 per cent., ruling rate 2 3-4, closing bid 2, offered 2 1-2, time loans active and strong; sixty days 5 1-2; and 90 days 5 3-4, six months 6 1-4. Close: Prime mercantile paper 6 to 6 1-2; sterling exchange firm at decline with actual business in bankers bills at 4.8660 for demand and at 483 for sixty day bills: commercial bills 483. Bar silver 69 5-8; Mexican dollars 54 1-2.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 7.—The dry goods market holds very steady and activity continues in the jobbing houses. The number of buyers registered in the jobbing houses is 33 per cent. in excess of 1905. The silk trade is being interfered with by a strike of throwsters at Scranton, Pa. Ginghams are very strong and advances are looked for. Linens are very firm. Some sheetings are being contracted for the next year's delivery. Dress goods continue active with jobbers and with agents who are showing fancy Spring lines.

HARD TIMES SALE AT
Wilmington's Great
Furniture Store.

Hard times seem to strike every place at the same time. Some manufacturers who had large stocks in warehouses, and not many cash orders, came to us a few weeks ago and made special prices for cash. We managed to raise the cash. Both steamers brought goods. One car load came in by rail. We now offer, while they last, Iron Beds, Oak Dressers, amongthe lot some nobby Princess Dressers, Chiffoniers, Wardrobes, Rockers, Sideboards and Center Tables, at real hard-time prices for cash.

THE WILMINGTON FURNITURE CO.
126–128 Princess Street.

N. B.—We still have plenty Mosquito Canopies, the kind that work on either wood or iron bed and can be changed from one to the other in one minute.

SQUALL BROKE IN WALL STREET

Prices of Stocks Give Way Sharply Under Anti-Corporation Agitation.

PURSUIT OF RAILROADS

Speculators Have Lost Their Nerve Over That and Standard Oil Company's Big Fine—Southern Railroads Are Affected.

(By Wire to the Morning Star.)

New York, August 7.—The squall which broke over the stock market today has been coming for several days and there are not waiting observers to contend that the seeds of the trouble were sown in the ill-advised market movement to advance prices which was embarked upon under flamboyant auspices late in June. The market commitments now holding over from that period, besides the embarrasment of the money and capital agitation which were then perfectly well foreseen, have been overtaken by the bad effect on sentiment of the renewed outbreak of hostility against corporations. The stock market was disposed to view with mild disquiet the news of the enormous fines levied on the Standard Oil Company by Judge Landis last Saturday. Every day since then, however, the daily news has consumed large space with the announcement of new measures or plans in pursuit of the railroads or other corporations. The iteration grates upon the nerves of Wall Street and the disposition to sell has increased and the decline in prices has gained cumulative velocity as is the way with falling bodies, the outcome being the spasm of liquidation today. No one questions that there was large and important liquidation in progress, although the part played by the bears in forcing prices lower and in precipitating the liquidation was also vicious. The bear element had grown cautious after the considerable decline that has occurred this week, and especially after the small disturbance in the early London market today. American securities were pronounced a bright spot in the London market and there was some buying for foreign account here. The result was a show of strength in the early part of the day and some demand from shorts to cover. This appeared later to have been a device on the part of the more influential bears to shake off a weak following. There were signs enough as the morning advanced that important liquidation was still in progress. The onslaught of the bears thereupon was fierce and the slump in prices somewhat alarming. The market proved to be honey-combed with stop-loss orders, refuting the common supposition of its sold out condition. Gossip of several days past was revived in full force of the scalding down or closing out of speculative accounts following a recent return from Europe. The stocks most acutely affected by the weakness were those identified in popular estimation with the stock market activities of the interests pointed to in this gossip, notably Union Pacific and Reading. The copper group also was violently depressed. The industrials as a group were greater sufferers than the railroads. The copper group, sugar and some of the railway equipment stocks, including General Electric sold at low prices for the year. In the railroad list this was true of the Southern group although other prominent stocks approached the level of the March panic. Reports of a conference of State and district attorneys of the Mississippi Valley to form certain measures against corporations, the Alabama indictment against the Southern Railway Company and reports of conferences also amongst the corporation advisers to devise protective measures of the apprehension on the subject. The late rise in call money to 6 per cent, reflected the increasing pressure on resources there and time loans were strong and the demand active. Discounts were also higher both in London and Paris and Sterling Exchange at Paris declined, the movement tending towards the point of attraction for gold from New York. Last prices represented rallies on short covering of 1 to 3 points and the fact that such net declines remain as 5 1-8 in Union Pacific, 4 1-8 in American Smelting, 3 5-8 in Amalgamated Copper 3 1-2 in sugar and between 2 to 3 points in Reading, St. Paul and the Hill stocks is evidence of the violence of the day's decline.

BATTLESHIP'S TRIAL RUN.

Fireman On Connecticut Killed During Satisfactory Trial.

(By Wire to the Morning Star.)

Rockland, Me., Aug. 7.—In a series of 14 runs over a measured mile course outside of the harbor today the first-class battleship Connecticut, the first battleship of the class built by the government, made a showing which was highly satisfactory to Rear Admiral Robley D. Evans, and the trial board. The average speed of the best five runs was 18.73 knots.

When the tidal corrections are made it is estimated that these figures will be reduced to 18.8. In her five best runs the Louisiana, a sister ship of the Conecticut, which was built by the Newport News Shipbuilding Company, attained an average speed of 18.59 knots.

The trial was marred by a fatal accident. L. M. Turner, a fireman of the first class, who was borrowed from the battleship Ohio for the test, was killed by a bucket of ashes falling on him.

The weather conditions today were perfect.

Special trip of steamer Wilmington this evening to the pier and return. Boat leaves at 5:15. Fare for round trip, 15 cents.

RAILROAD MUST OBEY THE LAW

Firm Position Taken By Governor Comer of Alabama Indicates Conflict.

COURTS WILL INDICT ROADS

Legislature is Called In Extra Session It Will Back Governor in His Decision to Stand Pat

(By Wire to the Morning Star.)

Montgomery, Ala., Aug. 7.—Vice President E. L. Russell, of the Mobile and Ohio, representing President Finley, of the Southern Railway, and Attorney Weatherly, of Birmingham, continued their conference with Governor Comer today regarding the controversy between the State of Alabma and the Southern.

"That it was not the intention of the officers of the Southern Railway to defy the State of Alabama," is conveyed in satements made by Vice President Russell.

He declared that the removal of the case from the State to the Federal court was in regular order of business and that it was not so removed in time to come under the provisions of the new law.

Railway officials discuss with concern the finding of an indictment at Marion, Ala., yesterday, fearing that it may cause complications. The Southern was indicted there for violating the law in doing business without a license.

Governor Comer, at the conclusion of the morning session of the conference, gave out a statement in which he says he is stalking out for the 2 1-2 cent fare bill, saying "every time a ticket is sold for more than two and a half cents a mile the roads violate the law and the person selling the ticket commits a misdemeanor. It is the duty of every court to so charge the jury and the duty of every soloctor to make out a case. I have told Col. Russell that with his reputation for fairness, I shall expect him to realize and concede that the railroads must obey the laws the same as any other person."

With regard to the removal of the case from the Talladega court to the Federal court, over which the license that the Southern was revoked, and which the railroad people admit was hasty, and not intended, the governor says:

"The administration understands that the offense was committed against the State laws by the removal of the suit, regardless of the motive prompting it. The laws are made for all alike and to be observed by all and enforced by the administration impartially."

It is given out by members of the Legislature that in case an extra session is called the members will stand solidly behind the governor in his fight.

The evident intention of the governor to hold that the passenger fare law, which has been enjoined by the United States court is being violated and to encourage arrests upon it, is a showing of a possibility of conflict between the State and the Federal courts, even to a greater extent than was thought.

SENATOR BEVERIDGE MARRIED

Miss Katherine Eddy Became His Bride at Berlin.

(By Wire to the Morning Star.)

Berlin, August 7.—Miss Katherine Eddy, of Chicago, sister of Spencer F. Eddy first secretary of the American Embassy here, and Senator Albert J. Beveridge, of Indiana, were married here today. The civil rite, according to the German requirements, took place in the registrar's office at noon and the religious ceremony, which occurred later at the American Embassy, technically within American jurisdiction, was performed by the Rev. Dr. Thomas C. Hall, formerly pastor of the Fourth Presbyterian church, Chicago.

Both services were of a most simple character, only relatives and a few intimate friends being present.

The principal drawing room of the Embassy was converted for the occasion into a provisional chapel containing a small altar, before which Dr. Hall stood with a background of plants. Augustus N. Eddy, father of the bride, gave her away. Her wedding gown was of white satin trimmed with lace and having a train.

After the ceremony, a wedding breakfast was given at the house of Spencer F. Eddy. Ambassador Tower proposed the health of the bride and groom, to which Senator Beveridge responded.

Several hundred congratulatory telegrams and cable messages were received.

BIG GOLD PLANT BURNED

Nearly Million Dollars Lost by Fire in Colorado.

(By Wire to The Morning Star.)

Colorado Springs, Colo., August 7.—Three-fourths of the Golden Cycle Mining Company's million dollar reduction plant located in the foot hills south of Colorado City, was destroyed today by fire. Loss estimated at $750,000. Insurance $300,000.

The fire originated in the roasting rooms and spread rapidly to other buildings which cover an area of ten acres. Lack of water and inadequate fire fighting facilities made the work of the firemen very difficult and it was only by heroic efforts that the fire was finally brought under control. Thirty seven freight cars standing on sidings near the mills were consumed.

The plant formerly was known as the Telluride Mills, owned by New York capitalists and was involved in the millmen's strike which terminated in the Cripple Creek difficulty.

COTTON GOODS FOR THE ORIENT

Railroads Rush Southern Factory Products Across Continent to Catch Stemers.

FREIGHT RATES ARE SAME

Railroads, However, Will Compete for Important Business By Rushing All Shipments for Japan and China—Whittam Reports

(By Wire to The Morning Star.)

Washington, Aug. 7.—In a report made to the Bureau of Manufactures of the Department of Commerce and Labor, Special agent William Whittam, Jr., notes an important improvement in expediting the shipments from the South of cotton goods intended for the Orient. Calling attention to the fact that in the past there has been much uncertainty in the delivery of such goods, owing to delays on the railroads, he says:

"This has all been changed, following the individual activity of the Western railroads in attempts to secure as large a proportion as possible of this important business. The New York buyer of cloth for China specifies the route it shall take, therefore each Western freight agent in that city impresses upon his transportation department the importance of not only expediting consignments of cotto products, but in so far as possible an effort is made to send it through on a regular schedule. At least one Southern railway has adopted the plan of marking each car containing cotton cloth or yarns with a placard reading 'Cotton factory products,' and instructing its employes to push forward cars so designated with all possible dispatch. The factory representatives, working with the local freight agents, 'trace' such cars assiduously, and the Western roads, realizing that quick and regular delivery is the principal advantage they can offer, rates being equal by all routes, strive strenuously for speed and regularity.

"These combined influences have resulted in making it possible to get cotton goods from the mill to Pacific ports within a given time and gives the shipper reasonable assurance that the consignment will connect with a steamship sailing on a regular schedule for China and Japan."

In this connection it is mentioned that negotiations are under way with the railroads to secure even greater celerity than is now shown in Oriental shipments.

OIL MAGNATES ARE RILED.

Resent Charges That Government Has Been Deceived.

(By Wire to the Morning Star.)

New York, August 7.—Answering the charge made at Washington by an officer connected with the bureau of corporations to the effect that in every step the bureau had taken to get at the facts concerning the operations of the Standard Oil Company, it had met deception in man or deception in methods, Mr. John D. Archbold said today that there had been no such conference with Standard Oil officials as so represented; and that no misleading or deceptive statement had been made by the Standard Oil Company in connection with the governmental investigation. "Every word of my statement was the exact truth," says Mr. Archbold in his announcement." If as much could be said of the comment of the alleged official, I do not think he should have allowed any consideration to restrain him from permitting his name to be given."

JOHNSTON ELECTED SENATOR

Senator Pettus' Successor Formally Elected by Legislature.

(By Wire to the Morning Star.)

Montgomery, Ala., Aug. 7.—At a joint session today the Alabama Legislature elected former Governor Joseph F. Johnston, to the upper House of the National Congress for a term ending March 4, 1915. He succeeds the late Senator Pettus, and was nominated in a general primary and the Democratic caucus, having no opposition in the latter. He will serve with John H. Bankhead, also elected at this session to succeed the late Senator Morgan. The unique situation is presented of two new men following Senators who were re-elected and died within a month of each other, and all four of them nominated by the people for the honors to which they were chosen.

Read The Star Business Locals.

KNIGHTS OF COLUMBUS

Distinguished Dignitaries of Catholic Church at Jamestown Exposition.

(By Wire to The Morning Star.)

Norfolk, Va., August 7.—The notable feature of today's meetings of the Knights of Columbus was an elaborate banquet given tonight at the Hotel Chamberlain, Old Point Comfort, in honor of the distinguished church guests, at which over three hundred were present and stirring addresses were made by Monsignor Falconio, of Washington, D. C., and Archbishop Glennan, of St. Louis

The addresses of the evening were made by Monsignor Falconio and Archbishop Glennon. Their subjects were church topics relating to the welfare of the Catholic church and the Order of Knights of Columbus. They were conservative, although enthusiastic in tone and devoted to the progress of both the order and church and the bond of union necessarily existing between the two. Indirect reference was made to proposed innovation in the order suggested by the church officials but these were of minor importance.

The banquet was elaborate down to details with souvenir menu cards and the dining room was handsomely decorated in National colors.

Tomorrow's programme includes exercises at the Exposition grounds being known as Knights of Columbus Day. The programme includes addresses by Governor Claude A. Swanson, of Virginia; President Harry St. George Tucker, of the Jamestown Exposition; Supreme Kight Edward L. Hearn, of the Knights of Columbus; Right Rev. Benjamin J. Keiley, Bishop of Georgia; and Monsignor Falconio. Elaborate programmes by the various bands and the singing of National airs by a chorus of 500 children are included in the features of the day.

At the close of the addresses to be delivered from the reviewing stand, Lee's Parade, the United States regulars and National guards encamped at the exposition, will be reveiwed by the State officials and church dignitaries.

Following a business session this forenoon, at which considerable secret business was disposed of, the body adjourned to Cape Henry on the Atlanic ocean front, where an old fashioned Virginia fish fry was enjoyed.

The annual reports of the Supreme Knight show a growth of the order in the last quarter of a century unparalleled in the history of Catholic fraternalism in America. The order organized in Connecticut in 1882, remained an institution in that State only until 1885 when it was established in Rhode Island and then spread to New York and other States until it is now flourishing not only in every State of the union, but in every province of the dominion of Canada.

SUICIDE OF GEO. W. DELAMATER

Was Once Candidate for Governor of Pennsylvania.

(By Wire to the Morning Star.)

Pittsburg, August 7.—George Wallace Delamater, once candidate for Governor of Pennsylvania, and who served as State Senator from Crawford county from 1887 to 1890, committed suicide by shooting today in his office in this city.

Grief over the death of his father, George B. Delamater, at Meadville, Pa., on May 6 and the sudden death of his son James Scott Delamater in June at Connellsville, Pa., is believed to be the cause of his suicide.

Shirley P. Austin, a son-in-law who took charge of the body, declared that the dead man's affairs were in no way involved and that he had nothing to worry about. Delamater was connected with the Prudential Life insurance Company in this city and leaves a comfortable fortune to his family, being heavily insured.

Senator Delamater has not been active in State politics recently, but over a decade ago he wielded a great influence in political circles. Following his service as a State Senator he became the Republican nominee for Governor, through the support of United States Senator Matthew Stanley Quay. This was in 1890. The Democratic candidate was Robert E. Pattison and the campaign was one of the most bitterly fought in Pennsylvania for many years. Pattison won after a desperate battle, but only because Allegheny county turned against Delamater.

TRAGEDY NEAR KENLY, N. C.

Seventy-three Year Old Man Shoots His Wife Dead.

(By Wire to The Morning Star.)

Raleigh, N. C., Aug. 7.—This morning Ransom Godwin, aged 73 years, near Kenly, N. C., following a quarrel with his wife, shot her dead in her tracks. He took to the woods soon after the murder and has not been captured. The sheriff of Johnston county is pursuing him with bloodhounds. The old man is armed with a Winchester rifle with which the crime was committed.
